

OR-X10

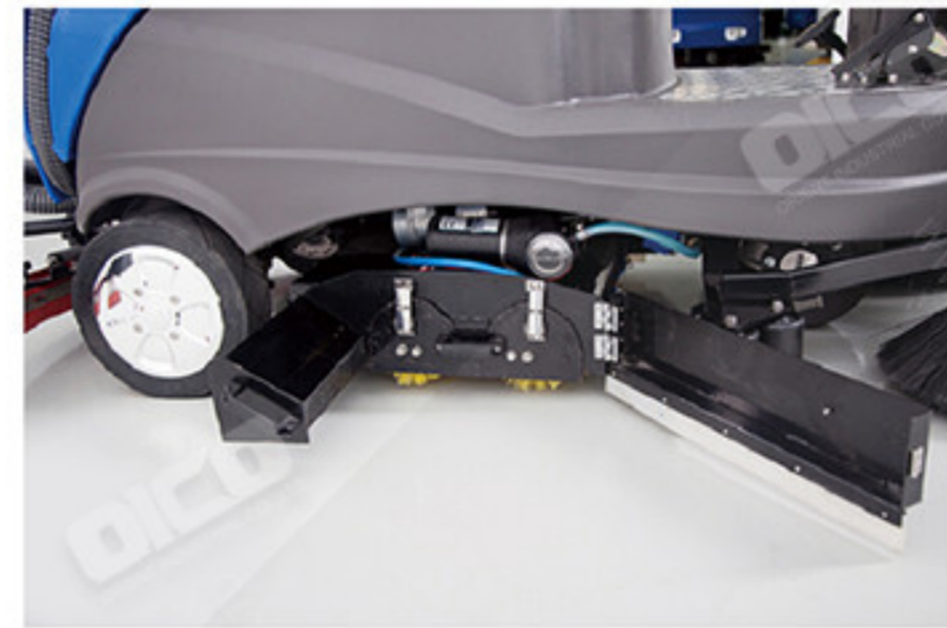

纯电动驾驶式扫洗一体机 Pure Electric Ride-on Floor Sweeper and Scrubber

OR-X10是一款清扫与洗地相结合的多功能一体机，其结构稳定、功能全面、外观新颖、操作简易，具有极高性价比的全自动清洗机械设备，适用于大型广场、工厂车间、超市、医院、车站、停车场等。扫洗结合，适用性更强。

It is a very cost-effective automatic cleaning machinery and equipment, with stable structure, comprehensive features, good appearance and simple operation. The machine is suitable for large square, factory, workshop, supermarket, hospital, station, parking lot and so on. This machine can sweep and wash together, with greater applicability.

性能特性

- 采用纯电动作业，无噪音、无废气排放。真正实现节能、降耗、环保、使用成本低。
- 采用大容量免维护电瓶，一次充电后可工作3-4小时。
- 采用轻量化框架底盘，安全可靠。
- 配备滚刷压力自动调节装置，根据地面平整度自动调节滚刷升降。清洗过程中地面均匀受压，有效对地面和滚刷提供磨损保护。
- 采用双滚刷结构，扫洗一体式作业方式能实现对地面的彻底清洗、对地面垃圾的清扫。滚刷免工具拆卸更换，便于维护。
- 电气采用集成控制技术，全自动作业，操作简易。提供欠压、过流、水位感应、智能检索报错等保护功能，对操作人员和设备进行全面的保护，安全可靠。

CHARACTERISTICS:

- It's battery use, no noise, no exhaust gas emissions. Truly energy saving, reduce energy consumption, environmental protection and with low cost.
- Using a large capacity maintenance-free battery, can work 3-4 hours after full charge.
- The use of lightweight chassis, safe and reliable.
- Equipped with roller brush pressure automatic adjustment device, adjust the roller brush up and down according to the ground leveling automatically. During the cleaning process, the ground is uniformly compressed, and the wear protection is provided to the ground and the roller brush.
- Use of double roller brush structure, sweeping and scrubbing in one operation can achieve whole cleaning of the ground, and collecting of ground garbage. Roller brush free tool replacement, easy to maintain.
- Using integrated control technology, easy to operate. It's with undervoltage, overcurrent, water level sensor, intelligent search error and other protection functions, so that it can comprehensive protect the operator and equipment, safe and reliable.

序号 S/N	项目名称/Item NO.	单位/Unit	参数/Specification
1	最大工作效率 Maximum Work Productivity	m ² /h	7500
2	刮水宽度 Scrubbing Width	mm	1250
3	滚刷宽度 Rolling Brush Width	mm	680*2
4	边刷直径 Side Brush Diameter	mm	400*2
5	电压/额定功率 Voltage/Rated Power	V/W	36/3600
6	持续工作时间 Continuous work time	h	>4
7	前进速度 Forward Speed	km/h	0-6
8	爬坡度 Max climbing capacity	%	>30
9	清水箱/污水箱容量 Clear Water Tank/Sewage Tank Capacity	L	150/185
10	垃圾箱容量 Trash Capacity	L	10
11	外形尺寸 Dimensions (L*W*H)	mm	2000*1250*1400
12	机器净重/毛重 Net Weight/Gross Weight	kg	560/710
